

- ① Berryman Campground/Trailhead
  - ② Section rerouted by Ozark Trail Assoc. in 2011.
  - ③ This part of the trail typically stays wet long after a rain.
  - ④ Several logging roads cross near here and the trail can sometimes be difficult to locate.
  - ⑤ Brazil Creek Campground/Trailhead. The trail passes between the next-to-last and last campsites on the west side. Watch the switchbacks going down to the creek.
  - ⑥ Heavy use has made some parts of the trail difficult to follow here. Some newer blue and white BT signs have been put up to mark a few areas.
- Please use this map in conjunction with a topographic map. Mile markers are approximate. When in doubt, rely on the topo.

# Berryman Trail
